Experience

2015–Today — **Awesomeness Ambassador**, *Django Girls*, Remote.
Django Girls is a UK based charity that helps people all around the world organize programming workshops. As their only employee, my responsibilities are:
- Developing, maintaining and operating a platform and a website to manage Django Girls organizers and provide them ready-to-use websites.
- Designing and automating processes to optimize the organization.
- Writing user and internal documentations.
- Providing user support.
- Managing Django Girls social accounts.

Python, Django, HTML/CSS, PaaS, Travis, Opbeat.

2015 — **Freelance Contractor**, *Write the Docs*, Remote.
Write the Docs is the community around Read the Docs, a documentation hosting service. My responsibilities were:
- Improving Write the Docs website
- Improving Write the Docs community documentation
- Co-organizing Write the Docs conference in Prague: in charge of recruiting and managing volunteers.

Python, HTML/CSS, Markdown, ReStructuredText, Sphinx.

Open Source and extra-professional

2016 – Today — **Django Team member**.

2015 – Today — **Django Girls organizer, coach and contributor**, organizer of two programming workshops in Paris, coach at 10+ workshops and main translator of the French tutorial.

2015 – 2017 — **Pyladies Paris founder and organizer**.

2015 — **Volunteer at Write the Docs EU conference**.

2014 — **KRLocalization**, creator of a Django App to manage and analyze qualitative data from fieldwork.

2009–2011 — **Network and System Administrator**, *Supélec Rézo*, network's administrator of the student housing and developer for related services.

2009 — **UX intern**, *Earth2Go project, Lille 1 University*.

Speaker

2016 — **DjangoCon US**, *"How to not ruin a great teaching moment"*, Philadelphia, short talk.
`https://youtu.be/kDg93T4_rtk`

2015 — **DjangoCon Europe**, *"Reaching out - Django in the Social Sciences"*, Cardiff.
`https://vimeo.com/134845607`

Academic

2015 — **Lecturer in Korean Geography**, Inalco, Paris.

2012-2013 — **Research assistant**, Center for Korean Studies, EHESS, Paris.

Skills

Languages	Python, Django, HTML/CSS	**O**perating system	GNU/Linux administration (Debian, Archlinux), Windows
Interests	Ruby, Haskell	**T**echniques and Tools	Git, PostgreSQL, Heroku, Travis, Opbeat, LaTeX, QGis

Education

2012–2015 **Ph.D candidate in Geography and Korean Studies**, *"Korean cooking and restaurants in Paris since 1980's: spatial logics and cultural circulations"*, directed by V.Gelézeau, EHESS, Paris.

2011–2012 **Master's degree "Southerner and oriental Asia: fields, texts and social sciences"**, *Magna cum laude*, EHESS, Paris.

2009–2011 **Master's degree "Géoprisme"**, *Magna cum laude*, Panthéon-Sorbonne and Paris Diderot Universities, Paris.

2008–2009 **Master's degree "Geography, settings and territories"**, *Summa cum laude and head of the class*, University of Sciences and Technologies, Lille.

Languages

French	Native	
English	Fluent	
Korean	Intermediate reading, basic conversational skill	*TOPIK level 1*
Spanish	Basic	

References

○ **Aleksandra Sendecka, co-founder of Django Girls.**
"Lucie takes initiative and is very independent at work. She is incredible improving processes and documenting them. Her job was hard and not well defined, but she was always exceeding our expectations. Lucie is not afraid to ask questions if she does not know how to deal with something and is an excellent communicator.
On top of that Lucie is a quick learner and in previous years I saw how quickly she picked up all programming bits and pieces. She is now managing our repositories on Github."

○ **Lacey Williams Henschel, former volunteer at Django Girls.**
"Lucie is a gift from the emoji heavens! As soon as she came onto the Django Girls team, the lives of the Support Team immediately became smoother and calmer. She responds to emails quickly, finds creative ways to improve processes, documents like it's going out of style, communicates effectively, and makes valuable code improvements to the Django Girls website. I'm so happy she's on board!"

Misc

Hobbies	Yoga, video games and board games, knitting, cooking.
